Section I – General Information

A. About the Process

Recognition and appreciation are fundamental human needs. People want to be respected and valued for their work or accomplishment. By honoring Head Start and Early Head Start employees, parents, alumni, volunteers and partners, we not only confirm the value of their work or the impact of their success but also motivate them to reach new heights. The Region IV Head Start Association's (RIVHSA) awards/scholarships program is a powerful vehicle for elevating excellence, engaging the community, and celebrating milestones.

RIVHSA's application process has distinct phases. Unlike other regions, RIVHSA's application process allows recipients to compete and be recognized at all phases of the process – local, state, regional, and national! At the conclusion of each phase, the most competitive applicants continue to the next level.

- 1. Local grantee submits to state affiliate;
- 2. State affiliate selects state recipients and forwards to regional affiliate;
- 3. RIVHSA selects regional recipients and forwards winners in national categories to NHSA; and
- 4. NHSA selects national recipients.

RIVHSA uses a panel of independent judges to score nominations. The final slate of recipients is reviewed and ratified by RIVHSA's Awards/Scholarships Committee and Board of Directors.

In Region IV, our grantee members have a total of **19** award and scholarship categories open for nominations. The National Head Start Association (NHSA) has **5** national categories which are also observed at the regional level by RIVHSA. In addition, RIVHSA offers **14** special categories exclusively for our regional grantees that are not recognized at the national level. Grantees and state affiliates must submit nominations as specified by each entity to be considered. The national and regional processes are outlined below.

B. Eligibility Period

All award applications must reflect services contributed during the current program/school year as of June 30. The chart below specifies the eligibility period for each award year.

About Head Start and Early Head Start

Established in 1965, Head Start is a national program that provides comprehensive child development services to economically disadvantaged children and families, with a special focus on helping preschoolers develop the early reading and math skills they need to be successful in school. Head Start promotes school readiness by enhancing the social and cognitive development of children through the provision of educational, health, nutritional, social and other services to enrolled children and families.

In FY 1995, the Early Head Start (EHS) program was established to serve children from birth to three years of age in recognition of the mounting evidence that the earliest years matter a great deal to children's growth and development. EHS promotes healthy prenatal outcomes, enhances the development of infants and toddlers, and promotes healthy family functioning. Its mission is to promote healthy prenatal outcomes for pregnant women, enhance the development of very young children, and to promote healthy family functioning.
